DRINKING WATER
 COLOR OF COFFEE.
 Residents of Cleveland Warned to Boil
 Before Using.

Cleveland, O., Nov. 11.—With fair
 weather and no rain for tomorrow,
 Cleveland tonight is hopeful of a
 speedy cessation of the difficulties that
 have been beset since the worst snow-
 storm in its history descended upon it
 Sunday night.

As a result of the disturbed state of
 the lake, a new menace today develop-
 ed. The drinking water has turned to
 the color of coffee and warnings were
 issued by the health department to
 obviate a typhoid epidemic by the
 boiling of water.

The number of dead as a result of
 the storm was increased to five today,
 when one man was killed by the col-
 lapse of the roof of his house beneath
 the weight of snow.

The hospitals are greatly handicapped
 for lack of proper food. The
 schools were closed today, but prob-
 ably will be open again tomorrow.

Business and factory owners esti-
 mate the loss in business at many mil-
 lions of dollars.

The streets and roads are impassable
 for wagons and pedestrians are un-
 able to bury persons who have died
 since the breaking of the storm.

Many bakeries closed today because
 of lack of fuel and the delivery trains
 can reach the city soon an alarming
 bread shortage threatens.

A milk famine has been caused by
 the inability of the companies to make
 deliveries. An average of 24 inches of
 snow fell during the storm and snow-
 drifts have piled as high as 20 feet.

REPLIES RECEIVED
FROM ONLY A THIRD
 United Workers' Funds Low at Present
 Time for Carrying on Winter's
 Work.

An executive meeting of the United
 Workers' funds was held Tuesday morn-
 ing at the committee of twelve in
 charge of the subscription fund re-
 ported. Some time ago several hun-
 dred appeals were sent out in the form
 of a letter in which the committee ex-
 pressed its appreciation of the work
 and stamped envelope was enclosed.
 Up till the present time only about
 one-third of the people appealed to
 have responded, which does not in-
 cate a very bright season this win-
 ter for the organization. The funds
 are rather low at the present time
 and public donations are necessary to
 carry on the good work.

PARK'S POND CASE
IN COMMON PLEAS.
 North Stonington Litigants Present
 Testimony About Boundaries.

The court of common pleas here was
 occupied all day Tuesday with the con-
 tinuation of the trial of the case of
 Mrs. Eliza Ann Hewitt, widow of C.
 S. Hewitt, North Stonington, vs. Bur-
 rows R. Park, Civil Engineer.

E. E. Bucklin of Mystic was on the
 stand about three hours, explaining
 plans made by himself and by Civil
 Engineer G. E. Pitcher. In his testi-
 mony he gave it as his opinion that the
 dam at the pond in North Stoning-
 ton can be made four feet higher
 before the water rights of Mr. Park
 are exceeded or injury done to the old
 dam. There was no opposition.

Civil Engineer Pitcher that the
 dam can only be raised one inch from
 its present height of 11 feet.

The witness testified that he was not
 the justice before whom the case was
 tried in the justice court, as the papers
 in the case state, but it was T. J. Kelly,
 Leander F. Park of Stonington,
 brother of the defendant, and who
 owned the place with his brother 20
 years ago, told of carrying gravel from
 the bank to repair the dam. The wit-
 ness and Lawyer Browning discussed
 the various ways and the location
 of the bank.

The dam was built in 1855 by Stephen
 Maine.

Deacon Nelson A. Brown testified to
 seeing the dam built in 1855 when he
 was a boy and told of other things
 having a bearing on the boundaries and
 water rights. The attorneys in the
 case are A. A. Browning for the plain-
 tiff and H. I. Rathbun for the defend-
 ant. The trial was continued Tuesday
 were put on by the defense.

 Chairman of the Bridgeport division
 of the Connecticut company appeared be-
 fore the public utilities commission at
 Hartford on Tuesday in support of a
 petition for the modification of the order
 recently passed by the commission re-
 questing air brakes on all trolley cars,
 applying more particularly for their
 cars. There was no opposition. It
 was reported to the commission that
 the order would cause unnecessary in-
 convenience to the companies.

Incidents In Society.

In connection with the state D. A. R.
 anniversary Tuesday it is an interest-
 ing fact that Mrs. Olivia Tyler Olcott

WILLIAM HANKIN SHOT IN CHEST

Shower of Stones Started Riot on North Main Street—New

Polishers at Hopkins & Allen's Assaulted by Sympathiz-
 ers With Men Who Have Lost Their Jobs—Stanley

Pluma Accused of Using Pistol—Two Shots Fired—Po-
 lice Make Four Arrests—Hankin in the Hospital.

William Hankin was shot in the
 shoulder and serious wounds in a
 riot on North Main street shortly after
 6 o'clock Tuesday evening, as an out-
 come of the bitter feeling between the
 new men who have taken their places
 at the Hopkins & Allen Arms com-
 pany and the general melee several
 men and one woman, all of foreign ex-
 traction, were struck with rocks or
 clubs thrown at them, and several win-
 dows were smashed in the vicinity of
 the disturbance, which occurred near
 Roath street. In connection with the
 case, the police arrested David M.
 Morgan, Stanley Pluma, Paul Salamucha,
 and Walter Telenda. The shooting is
 ascribed to Pluma, who admitted hav-
 ing had a revolver at the time, al-
 though he would say nothing as to the
 shooting. Pluma and Telenda are em-
 ployed as polishers at the Hopkins &
 Allen shop, while Salamucha is em-
 ployed in the general mechanics. Hankin
 is also an employee of the company,
 though not a polisher.

The men who are taking the places
 of the striking polishers at the shop
 let out a few minutes before 6
 o'clock Tuesday evening, and there was
 a considerable crowd about the shop
 when the men came out. The crowd
 apparently expected as the crowd fol-
 lowed parties of the workmen as they
 started for their homes. Policemen
 Patrick Murphy and Myron Morgan
 were in front and above Hankin
 and no trouble resulted at the shop.
 Policemen Morgan followed along
 after the group of men as far as
 Franklin square.

Shower of Stones at Roath Street.
 Just what started the trouble in
 Greenville is not known. The work-
 men claimed that when they were in
 the vicinity of Roath street one of the
 new men threw a stone, and various
 bruises were exhibited to prove their
 statement.

Bullet Struck Hankin.
 Clubs were in evidence, and one man
 was armed with a piece of heavy hose
 used to connect air brake systems on
 trains. A big crowd gathered quick-
 ly, and in the course of the melee
 Hankin was struck in the chest by a
 bullet fired from the crowd. Chief
 Linton dispatched Officers Charles S.
 Elberts, Matthew L. Lantry, and
 Morgan, Patrick Murphy and Michael
 Carroll to the scene, and the four ar-
 rests were made. Two of the men later
 secured bonds. The man who fired the
 shot was not known, but was in the
 vicinity. Pluma was questioned and
 admitted that the gun was his com-
 panion.

Strikers Not In It.
 The prisoners all agreed that there
 were none of the striking polishers in
 the crowd which assaulted them, but
 some of the crowd who were in the
 trouble. A woman who works in
 the bleachery, and who was on her
 way home, was also in the crowd.

TEMPERANCE PROGRAMME
BEFORE UNIVERSALIST LADIES
 Conducted by W. C. T. U. at Church
 of the Good Shepherd.

A large representation of W. C. T. U.
 members accepted the invitation from
 the Ladies' Missionary union of the
 Church of the Good Shepherd, and en-
 joyed a very interesting and instruc-
 tive meeting.

The president, Mrs. J. F. Cobb, of
 the Missionary union, called the meet-
 ing to order and welcomed the guests
 in a very cordial speech. The Scrip-
 tures were read by Mrs. Howard
 Mead and Mrs. Cobb, and Mrs.
 T. A. Perkins led in prayer. Another
 song was sung and Mrs. Wright read
 the report of the October meeting.

Mrs. Cobb introduced Mrs. Mead and
 the rest of the session was conducted
 by the W. C. T. U.

All united in singing Our White Rib-
 bon Band, and Mrs. Mead followed with
 a very interesting paper, describing
 some of the principles of the White
 Ribbon hosts and especially parlor,
 and cooperative missionary meetings.

Mrs. Cobb told of some work done
 by the W. C. T. U. missionaries at
 home and abroad. She first spoke
 of the one stationed at Ellis Island
 and then of the one at the hospital for
 many a woman, girl and child, too.

We have over 100 missionaries, doing
 home and foreign work. Mrs. Mary
 Mead, who was the first to leave this
 world and since then 18 have made
 the circuit.

The work is well established in Bur-
 ma and the Young Peoples societies
 have been organized. The liquor traf-
 fic is a menace to Christianity at
 present, and the women of the world
 are being called to stand up for the
 disfigure, falls mostly upon England
 and America, which send their death
 dealing goods, just for the sake of
 the money.

Mrs. Mead read The Weavers,
 which is a fitting place and nicely
 read. Mrs. F. H. Bushnell read For-
 eign Missions and the Liquor Traffic,
 in which was the following: "You
 are the salt of the earth. You are the
 light of the world. You are the hope
 of God, help to dethrone the demon
 of Intemperance, our reproach before
 the heathen, the blight of our church-
 es."

Mrs. Mead gave The Pleas of the
 African Chiefs. The cry of King
 Makoko, chief of the Kikuyu, was
 "Crowthers, 'Rum! rum! rum! I
 have made our people mad. I have
 given a law that no one dares to buy
 or sell rum, and I have made it
 selling it his home is to be plundered;
 anyone found drunk will be killed."
 Mrs. Clara Worth favored the ladies
 with a sweet solo, entitled, The Spirit
 of God, and her sister, Miss Worth,
 accompanied her.

Mrs. Thelma Perkins read an in-
 structive paper on Foreign Missions.
 Mrs. Coleman read a paper on Total
 Abstinence for the Sake of Others, in
 which she discussed the influence which
 some of our high officials are exert-
 ing over the whole world.

The following poems were read by
 Mrs. Mead, who was the first to read
 The Little White Ribbon.
 In a paper by Mrs. Cobb she com-
 menced by saying "Temperance is up-
 to-date," and read an extended ac-
 count of the spread of total abstinence
 among the heads of many governments.

Mrs. Clara Worth gave a fitting
 solo, Victory, and Mrs. Mead thanked
 the ladies for their kindness in invit-
 ing them, and hoped both societies
 profited by the meeting.

Stomach Troubles Due to Acidity

SO SAYS EMINENT SPECIALIST.

So-called stomach troubles, such as
 indigestion, wind, stomach-ache and in-
 ability to retain food, are in proba-
 bly nine cases out of ten simply evidence
 that the stomach is diseased, and proba-
 bly the food contents of the stomach, caus-
 ing the formation of gas and acids,
 and distending the stomach, and causing
 that full, oppressive feeling sometimes
 known as heartburn, while the acid
 irritates and inflames the delicate lin-
 ing of the stomach. The trouble lies
 entirely in the fermenting food. Such
 fermentation is unnatural, and acid
 formation is not only unnatural, but
 may involve most serious consequences
 if not corrected. To stop or prevent
 fermentation of the food contents of
 the stomach and to neutralize the acid,
 and render it bland and harmless, a
 teaspoonful of bicarbonate of soda,
 probably the best and most effective
 remedy for such stomach troubles, should
 be taken in a quarter of a glass of
 hot or cold water immediately after
 eating, or when the wind or acidity is
 felt. This stops the fermentation, and
 neutralizes the acidity in a few min-
 utes. Fermentation, wind and acidity
 are dangerous and unnecessary. Stop
 or prevent them by the use of a proper
 remedy, such as bicarbonate of soda,
 which can be obtained from any drug-
 gist, and thus enable you to continue
 doing your work properly without being
 hindered by indigestion, gas and danger-
 ous acids.—M. F. P.

**GAVE ENTERTAINMENT FOR
 PRESTON CITY GRANGE.**
 Norwich Grange Members Reciprocated
 for Previous Courtesy from Preston
 City.

In exchange for a recent entertain-
 ment given by Preston City grange at
 a Norwich grange meeting, a party
 of 25 from Norwich grange journeyed to
 Preston City on Tuesday evening by
 autobus and gave the entertainment at
 the Preston City grange meeting.

More than a hundred grange mem-
 bers, including visitors from Montville,
 Bozrah, Lebanon, Salem and Packard
 granges, besides the Norwich party
 were at the meeting, the audience fill-
 ing the hall and giving flattering ap-
 plause to each number. The program
 was given by the visitors. Worthy
 Master A. B. Burdick opened the busi-
 ness meeting in regular form and af-
 ter a brief time spent in routine busi-
 ness the entertainment programs fol-
 lowed.

This opened with several numbers
 preceding the presentation of the two-act
 farce Up to Freddie. These well
 rendered numbers were a piano solo by
 Miss Nellie Howie, a recitation by
 C. Jewett, a soprano solo by Miss
 Maudie L. Rider and a reading by Mrs.
 Mary E. Phillips.

The farce was capably presented to
 the great amusement of the Preston
 City grangers by the following cast:
 Greenville Lodge, amateur playwright.
